

TOXIC SUBSTANCES CONTROL ACT (TSCA) STATEMENT

For those chemical substances requested by our customers that are on the Toxic Substances Control Act (TSCA) 8(b) inventory list per 40CFR720.36, we certify that all shipments we make shall comply with all applicable rules and/or orders under TSCA.

For those requested chemical substances that are not on the Toxic Substances Control Act (TSCA) 8(b) inventory list per 40CFR720.36, these substance may be used solely for research & development work in small quantities under the supervision of a technically-qualified individual. These substances may not be imported, distributed, or used commercially (including test-marketing) unless the manufacturer submits appropriate notification and receives required permission(s) under 40CFR720.36 and 40CFR720.78.

The environmental and health risks of these substances have not been fully-determined. A Safety Data Sheet (SDS) is available to all purchasers, and may be obtained on our website (www.pfaltzandbauer.com) if available, or by request to Pfaltz & Bauer, Inc. SDS's present available information in our possession regarding the properties of a given substance or substances, but the data will be limited. Therefore, use of the substance(s) must be supervised by a technically-qualified person, and the user(s) must follow all appropriate safety measures. The user(s) should always carefully review the SDS(s) before handling or using the substance(s) for any purpose.

Per 40CFR720.78, we maintain the following records for a minimum of five years on substances imported or distributed under the Research & Development Exemption:

- All health and safety information
- Documentation of prudent laboratory practices
- Names & addresses of all purchasers to whom the substance is distributed
- Copies of any notification required under 40CFR720.36
- Amounts of the substance(s) distributed

For additional information, please contact Pfaltz & Bauer, Inc.

IF WE DON'T HAVE IT, WE'LL FIND IT FOR YOU.
